Chain and Rope Lube Spray

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

11500400 Chain and Rope Lube Spray 400 ml

Accessories:

11202500 Cleaner Spray S, 500 ml
11850200 Hand Protective Foam, 200 ml

adherent high pressure resistant

WEICON Chain and Rope Lube Spray is a synthetic, transparent adhesive lubricant for the permanent internal and external lubrication of all types of highly stressed chains and wire ropes.

Chain and Rope Lube Spray is particularly strongly adherent, has excellent creeping properties, suppresses noise, repels water and prevents elongation, friction and wear.

WEICON Chain and Rope Lube Spray can be used on all types of chains and wire ropes, gearwheels, worm gears, fast-running machine parts, joints, couplings, rollers, ball bearings and spring assemblies in many industrial applications.

Technical Data

Odour	mineral oil
Features	sound-absorbent
Storage stability	24 months
Colour	colourless
Temperature resistance	-40 to +200 °C
ISSA-Code	53.402.15
IMPA-Code	45 08 29

Processing

Surfaces to be treated must be clean and dry. Shake can and spray at about 15 cm from surface. Product may, thereafter, be applied also while parts to be lubricated are in operation, subject to respect of the relevant safety regulations.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
